

Thesycon® Software Solutions GmbH & Co. KG

USB CDC/NCM Class Driver for Windows

Licensing Model and Price List

January 2011

Supported Operating Systems:

- Windows 7 (32-bit and 64-bit),
- Windows Vista (32-bit and 64-bit),
- Windows XP (32-bit and 64-bit),
- Windows 2000

Runtime License

The licensee will receive the software in binary executable format. The licensee may install and use the software on any numbers of computers at the site for which the license was given. The licensee is permitted to distribute the Software, in whole or in part, as long as the distributed files are for use with hardware products. The licensee may use the Software with any number of hardware products. There is no limit on the number of units which may be distributed. Please refer to the USB CDC/NCM Class Driver License Agreement for the complete terms of license.

Driver Source Code Add-on License

The licensee will receive the source code of the USB CDC/NCM class driver and is allowed to modify and compile this source code. The licensee may use the source code to develop derived software modules. The licensee may distribute such derived software modules in binary executable form only.

The source code license is only an add-on and requires a Runtime License. The USB CDC/NCM Class Driver Source Code Add-on License can be ordered within 12 months of purchase of a Runtime License. Please refer to the USB CDC/NCM Class Driver License Agreement for the complete terms of license.
